AMENDMENT

Mail Stop AMENDMENT
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This amendment is submitted in response to the Office Action dated August 2, 2005. In response to the election requirement set forth in the Office Action, Applicant elects for prosecution in this application all claims of Group II as identified in the Office Action. Claims 8-20 are in the elected claim group.

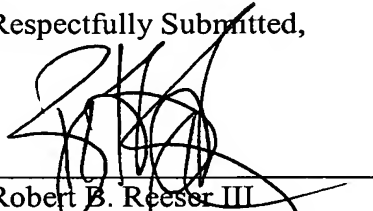

The restriction requirement is traversed because the inventions set out by the claims in Groups I and II clearly are related. It is believed that a thorough search and examination of either claim group would be relevant to the examination of the other group. In addition, requirements for restriction are not mandatory under 35 U.S.C. Accordingly, reconsideration of the restriction requirement is requested.

In response to the election of a species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable, Applicant elects the species identified as Species Group IIC and the species identified as Species IIC within the Office Action. Claims 11-15 and 18-20. Claim 6 is generic.

The requirement for election is traversed because the inventions set out by the claims clearly are related, a thorough search and examination of any claim group (it is believed)

would be relevant to the examination of the other group, and requirements for election are not mandatory under 35 USC. Accordingly, reconsideration of the election requirement is requested.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read 'R. B. Reesor III', is written over a horizontal line.
